“ I have so many fond memories of Vicky, from her coaching our softball team, to many summer days spent at her house, and how she helped me celebrate my 15th birthday with a girls' day out in Tulsa barely a month after my mom passed. Vicky had such a big heart and will always have a place in mine.

“ Vicki and I became friends when we were at Southtown together. I didn't get up because I didn't have a chair but she did and she came every day to see me, We laughed, cried a little and griped a lot if we needed too. She watched her son graduate High School in my room with me, she wanted to attend so bad but this was the next best thing. She was so excited for Mondays and Fridays, so she could go and play Bingo, I had a chair now and I could go and we always sat beside each other and also with any of the activities they had here. We had our picture taken with Santa Claus together. When I dressed up for Halloween, I always made sure I stopped by her room so she could see what I looked like. My daughter always remembered her during the holidays, just like she did for me. She was so happy for me when she found out I was going to be a Grandmother and it was a little girl. She was almost as happy as I was. I made sure she got to see pictures of her after she was born. I am going to miss her company and sweet smile, she was my best friend. I will see you again one day. I love you, friend,
